DIVAN RAISER

Has pads that have only two rims, raises beds that have no feet. Suggest a 3 piece raiser for beds.

WIDE PAD

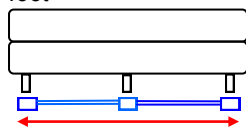

Suits beds that have large feet. Customised sizes available.

Installation is easy

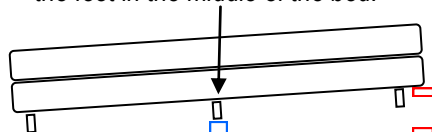

Adjust the raiser to suit the over all width of the feet

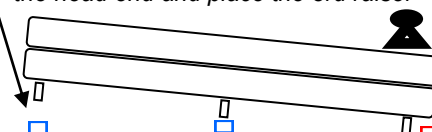

1 END VIEW

Lift the foot end of the bed with the Multifit Bedjack and place a raiser under the feet in the middle of the bed.

2 SIDE VIEW

Lower the head end & place a raiser at the foot. Then using the Bedjack raise the head end and place the 3rd raiser
