

Multifit has established a company-wide culture dedicated to providing the highest quality products.

Our team is committed to their work and has a strong level of technical expertise to craft a superior range of products to ensure complete customer satisfaction.

Our commitment is to:

- Manufacture products in conformance with all contractual requirements specified by the customer;
- Execute projects in alignment with ISO 9001:2015, legal requirements, and any relevant industry best practice; and
- Work towards continuous improvement.

The objective frameworks we will pursue to satisfy these commitments are:

- Monitor the quality of our products, by establishing inspections to check the meeting of requirements;
- Encourage the team to deliver the highest quality standards and minimise issues;
- Ensure suppliers are competent for work and understand the project requirements; and
- Provide staff with adequate advice, information, education, training and suitable supervision.
